

Enterprise Erase 5U Appliance

Why Blanco

As the de facto standard in data erasure, Blanco provides thousands of organizations with an absolute line of defense against costly security breaches, as well as verification of regulatory compliance through a 100% tamper-proof audit trail. Our data erasure solutions have been tested, certified, approved and recommended by 18 governing bodies around the world. No other security firm can boast this level of compliance with the most rigorous requirements set by government agencies, legal authorities and independent testing laboratories.

About H3 Secure

H3 Secure is Blanco's Strategic Partner in the MENA region. Visit www.h3secure.com or call +971 4 333 8499 for more information.

The Blanco Enterprise Erase 5U appliance provides expansion bays for fast, easy and cost efficient erasure of loose hard drives.

The Universal Hard Drive Enclosure is a standalone direct attach storage (DAS) hard drive enclosure that accommodates 3.5 inch and 2.5 inch hard drives with caddies or trays, as well as standard bare drives.

Key Benefits

Convenient: Hard drives can be inserted without removing the caddy or tray.

Compatible: Accommodates 3.5" and 2.5" SAS, SATA, SSD, and Fiber Channel drives.

Adjustable: Drive backplane height and tray depth position are configurable to accommodate drive alignment and operator ease of use.

Rack Mountable: 5U system mounts in standard 19" cabinets.

Universal Power: Supports 100-240V input for worldwide voltage compatibility.

Expandable: Connect to external ports of our SAS Cube or Blanco Enterprise 2U systems.

Easy to Use: Accessible power switches and bright LED lights provide necessary notifications.

Compatibility

The Universal Hard Drive Enclosure provides connectivity via external cables/ports of up to 12 drives per enclosure for 3.5" model or up to 20 drives for 2.5" SAS/SATA model. It is designed to accommodate enterprise hard drive types currently in the market, including:

- Fiber Channel/Fiber Channel Arbitrated Loop (FC/FCAL)
- Serial ATA (SATA) and
- Solid State Drive (SSD)

The Universal Hard Drive Enclosure can be configured for:

3.5" HDD PORTS	CAPACITY
Fiber Channels (FC) drives	Up to 12
SAS/SATA (SSD) drives	Up to 12
Mixed FC and SSD drives	Up to 6 ea
2.5" HDD PORTS	CAPACITY
SAS/SATA (SSD) drives	Up to 20

- 3.5" 5U SAS model can be daisy chained up to 3 units to support 36 total SAS 3.5" HDDs.
- 2.5" 5U SAS model can be daisy chained up to units to support 60 total SAS 3.5" HDDs.
